### AT WORK ON THE TRACK.

The Cleveland Racing Team Comfortably Cooled—Other Cycling News.

The Cleveland team after arriving in the city yesterday and registering at the St. Nicholas at once proceeded to the association track north of the city, and took possession of the A. J. Dunston blacksmith shop as their training quarters. Here all their blankets and coats, with other articles necessary to make a rider's training paraphernalia complete, were taken, and the shop was soon converted into what an outsider would term a veritable hospital. The riders did a little practice work yesterday, trials of speed being impossible on the rough track. L. C. Johnson and F. B. Rigby on a tandem did a quarter in 2:14.5 which is only one-fifth of a second short of the tandem record. O. P. Bernhart and Bob Goetz did a quarter in 2:25.5 and E. E. Anderson and Joe Coburn made their trial in 2:25.5. Goetz and Bernhart paced Dr. A. I. Brown in the 2:25.5. Work was commenced on the track this morning and it will not be long now until they get down to business.

CARANNE LAD UP.  
L. D. Cabanne is at present laid up at his room at the St. Nicholas as a result of a hard fall recently at St. Louis. He expects, however, to be in trim by the first of the week.

A. F. WILSON'S RIDE.  
A. F. Wilson, who left here Sunday for Indianapolis on his wheel, arrived home yesterday afternoon after a most delightful ride both ways. Returning he left Terre Haute at 6 a. m. and reached Decatur at 3 p. m., covering 120 miles in nine hours. He rode a total of 433 miles in the four days he was absent.

CYCLING NOTES.  
G. A. Maxwell made a new record for the three mile open class A by riding in 7:53.5.

Bert Harding Wednesday pedaled a century of miles on the fair grounds, St. Louis, Frank in 4:37:56.4. The record held by Frank Radway of Toronto, Ont., was 5:01:10.2.5. Harding rode an 18 1/2 pound wheel geared to 88 inches. Up to the 68th mile he ran ahead of his schedule of a mile in 2:50. From the seventh to the fortieth he rode in 2:40. After the 67th he lost on his schedule but gained on Radway's record at every mile.

Zeigler of Sacramento and Tyler at Waltham must be greatly confused to know which holds the new records. Allowing for the difference of time between the two places, it will be seen that Zeigler has the best opportunity of holding the record over night. Zeigler can wait until he has received telegraphic information from Waltham and then start out to create new records. Johnson is also after the records, and between the three, with other record-breakers at Springfield, the average bicycle fiend is hardly able to keep up with the flyers' new time.

## THE LEXOW INQUIRY.

Commissioner Sheehan Still Under the Rack.

### OBJECTS TO PERTINENT QUESTIONS

And Refuses to Answer Them—What He Did and Did Not Do to Find Out and Correct Abuses in the Police Department.

NEW YORK, Oct. 26.—When the examination was resumed, Commissioner Sheehan said that he had often met Mayor Sanford, of Long Island City.

Witness denied he had ever tried to secure the legislation for Long Island City.

Mr. Goff then questioned the witness about the time he boarded in West Twenty-Third street.

"How long were you in the district before you became a leader?"

"About two years. I succeeded ex-Alderman Barker."

"Are you on friendly relations with Mr. Barker to-day?"

"Our relations are a little strained."

"Had you any business relations with Barker?"

"No, sir."

"You knew that Barker ran a gambling saloon?"

"I have heard it, but did not place much credence in the report."

"Did you ever hear that he had an interest in a gambling saloon?"

"No, sir; and whoever says so lies."

"How much money did Barker give your bride as a present?"

"He gave her no money. His daughters gave her a chair. The Pequot club gave a diamond necklace."

"Where did the money come from?"

"The Pequot club has a good source of revenue."

"I am aware that it has a large area to draw revenue from."

This remark of Mr. Goff excited the witness.

"I want to tell you, Mr. Goff, that the Pequot club contains men as respectable as you are. I will answer no more questions on that line. I am here to answer questions about the police department, in which I am aware there has been corruption, and I have tried to find it out."

Mr. Goff at once grasped at this suggestion.

"Come now, Commissioner, said he, 'give me one specific case where you tried to find out this corruption.'"

"Oh, there are dozens of them."

"Give me one case."

The witness then told of a case where he received a letter saying that a man had paid money to be appointed on the police force. "I saw that he did not get appointed."

Mr. Goff then referred to an interview which was published last December with Mr. Croker, in which the latter said that the pool rooms were a nuisance and disgrace.

"Who closed the pool rooms?"

"Supt. Byrnes."

"The witness said he and President Martin agreed it would be a good thing to close them up."

"Why did not the superintendent close the pool rooms long before?"

"I don't know."

The witness stated that he had heard the pool rooms were paying for protection.

"I started an investigation," said he, "but could find nobody to come forward and testify."

Mr. Goff then read the law, which said that the selling of pools was a felony.

"Why did not the commissioner close the pool rooms before Mr. Croker advised their closing?"

"Mr. Croker did not influence my action in the least. I acted for myself in the matter."

"What was the entire result of your investigation?"

"I believed that the pool-room keepers were paying money for protecting them to somebody."

He replied to Chairman Lexow the witness said that he had never used the detective force to try and get evidence against the pool rooms.

Here an adjournment was taken until Monday morning.

## NEW MEXICO.

Annual Report of Gov. Thornton Submitted to the Secretary of the Interior.

WASHINGTON, Oct. 27.—The annual report of Gov. Thornton, of New Mexico, was submitted to the secretary of the interior yesterday. The governor says there has been no material change in population, but a healthy growth has set in of a desirable class of immigration in almost every county of the territory, especially in the agricultural portion.

At the end of the last fiscal year there was a cash balance of \$139,899 in the treasury of the territory.

"The traffic in whisky," the governor says, "which has been the cause of so much poverty among the Navajos and has led to so much crime in the past, has, during the past year, largely decreased."

The governor says that the process of raising crops by the aid of irrigation ditches has been very beneficial in New Mexico, as without the ditches or wells agriculture would be a failure in the territory.

## COLONIZATION FRAUDS

Placed Their Certificates.

NEW YORK, Oct. 27.—It was rumored in Wall street late yesterday that the Northern Pacific receivers had placed their \$5,000,000 certificates with a syndicate representing the Deutsche Bank of Berlin and others. The negotiation, it is said, is on the basis of a 6 per cent. interest and 1 1/2 per cent. commission.

NEW YORK, Oct. 27.—A letter was forwarded yesterday by Gray Latham, vice-president of the Kinetoscope Exhibition Co., to James J. Corbett and Bob Fitzsimmons, offering a purse of \$50,000 for the fight which they want to take place in Mexico, where there will be no danger of official interference.

THE scheme on the part of certain Democratic leaders to trade off the county ticket for votes for Manecke and Springer is not relished by the candidates on the county ticket, who evidently think they are making sacrifices enough now.

The million and a half idle workmen in America ought to grow fat on the idea that free wool will raise the price of wool and make woolen clothing cheaper at the same time. This beats lifting one's self over a fence by tightening up his suspenders.

At the present rate existing between treasury receipts and expenditures, the indications point to a deficit for the month of October of \$7,000,000 in ordinary expenses and \$5,000,000 in interest, or a total of \$12,000,000 for both, for the month over and above receipts.

GOLD is going out of the country at the time of year when it usually comes in. In October last the excess of gold imports was \$1,072,919, in the same month of 1892 it was \$2,634,080; in 1891 it was \$16,088,352, and in 1890 it was \$2,136,403. But the excess is going to be largely on the other side in the present October.

THAT Springerism which argues that free wool will advance the price of wool and at the same time reduce the price of woolen clothing pleases the workingman because it serves to make that other Springerism clear that the way to make an American workingman prosperous is to legislate so as to give his job to some fellow in Europe.

EUROPE is selling us more goods than was the case a year ago, but "the improvement on the McKinley act" is not working just right in the matter of exports, which were \$59,000,000 in September against \$72,000,000 in September of 1893. If the American manufacturer loses both the home and the foreign markets he will be apt to have a permanent opinion on the subject of a Democratic tariff.

UNDER protection labor has steadily gained on capital in the division of their united earnings. In 1890 labor received \$44.50 and in 1893 \$54.50 out of each \$100 worth of net products, while capital had \$55.50 in 1890 and \$45.50 in 1893. Labor advanced from \$289 to \$485, or 70 per cent, while capital went from \$361 to \$408, an advance of only 40 per cent. This shows a difference in favor of labor of 30 per cent.

If the Republicans of Illinois had \$250,000, as the lying campaigner says it received from Pullman for campaign purposes, there would be nothing left of the Democratic party, in spite of the fact that that party, under the direction of Mayor Hopkins and Theodore Nelson, have assessed the Chicago bawdy houses, saloons and gambling houses and dives and thus created a fund of over \$200,000 to carry the state for Democracy and more hard times.

It makes no difference how scarce work is or how low wages are, or how little there is in the ladder, all the Democratic campaigner asks the workingman to do is to believe that there never was more prosperity in the country; that wages were never better; that goods were never cheaper, and then go to the polls and vote the Democratic ticket and glorify God that he has a party to vote for that has shown such magnificent ability to run the government.

THE Decatur Review reprints this morning the exploded lie that Pullman had contributed \$250,000 to the Republican campaign fund in Illinois. That paper knows the story is untrue and that it was manufactured by Theodore Nelson and his co-patriots, in the hope of fooling workmen into voting against their own interests by preying upon their prejudices. If by such means

these lying demagogues can fool enough workmen to elect the Democratic ticket, then the workingman may look out for himself, and if idle and his family is suffering for bread some Democrat will put his fist to his nose and tell him that any man who has no work is dishonest.

THE certain and rapid growth of the country has for a long time made it the most attractive field for investment. But now millions of workers are idle and many thousands returning to the Old World to seek employment, and the volume of business with 69,000,000 of people is actually smaller than it was two years ago with 66,000,000. The daily average of exchange at the principal cities in October is 5.6 per cent larger than last year, but 28.2 per cent less than in 1892. This average was \$3.06 daily for each inhabitant in 1892, and is now \$2.10 daily for each inhabitant. The decrease in railroad earnings is not so great, about 3.4 per cent for October thus far compared with last year, and 13.4 compared with 1892, and the transactions last year were unnaturally swelled by the World's Fair.

THE effects of the "good Democratic times" resulting from the "change" voted in November, 1892, are seen in part in the sub-joined statement by Supt. Preston of the Banking Department of Deposits in the savings banks of New York Jan. 1, during the Harrison administration and after nine months of Clevelandism:

SAVINGS BANK DEPOSITS.			
Jan. 1.	Total amount.	Increase over previous year.	
1890	\$560,000,057	\$30,389,142	
1891	574,869,372	14,869,315	
1892	688,426,429	13,755,448	
1893	626,358,273	40,032,353	
1894	617,089,448	*12,268,825	

\*Decrease  
From an increase every year under Harrison there was a change of more than \$53,000,000 in the year 1893, during nine months of which Clevelandism was in full control of the government. From an increase of deposits of nearly \$41,000,000 during 1892 there was a "change" to a decrease of \$12,268,000 in 1893.

THEODORE NELSON is evidently making himself solid with the Democrats by putting his knife into all the Republicans in sight and by his other schemes. It was Nelson who disgraced the state of Illinois by discovering Altgeld and foisting him on the people. It was Nelson who in a circular letter charged that the Republicans were like the "false prophets of Baal." It was Nelson who asked the Democratic delegation in congress from Illinois to insist that President Cleveland should remove all Republicans from office and fill the places with Democrats to advance the interests of the Democratic party. It was Nelson who put up the several jobs in Chicago to defeat regular Republican nominees for the legislature referred to in the REPUBLICAN a few days ago, and went with the gang to Springfield to have the Democratic reviewing board refuse to put the names of the regular Republican nominees on the ballot and instead put on the names of men who were nominated by rump conventions, manipulated by Democratic ward heelers, who profess to be Republicans, but who are "out for the stuff," and yet, in face of all this, Theodore is doing what he can to induce Republicans in Macon county to help elect part of the Democratic ticket.

SATURDAY, OCTOBER 27, 1894.

**A Statement on the Other Side.**  
EDS. REPUBLICAN: In reply to an article in Friday morning's Review in reference to the Anna B. Millikin Home, the managers of the Home desire to state that the object of the Home is to protect and give a home to pure and innocent children and young girls, as well as to the aged women whose lives are well nigh spent, and who would desire a retreat free from the difficulties arising in a reformatory.

The necessary conditions and restrictions of an institute for protection and reform are such as to require a distinct line of work. This is not at all undertaken by the management of the Home.

The "Refuge" at Chicago, has now six inmates supported by Macon county, where the management is prepared to meet any emergency that might arise, and is able to give every encouragement to those who are trying to help themselves.

The Anna B. Millikin Home bids God-speed to Mrs. Hamilton in her work. It is a work sadly neglected, as is evidenced by the applications made for the Home to take up that work. But the Home is trying to do but one work, and to do that well. It is always painful to be compelled to refuse assistance to the needy, but our duty to those we have undertaken to protect sometimes makes it absolutely necessary to give others an opportunity to "cast bread upon the waters."

**HEALTH, STRENGTH AND CONTENTMENT** are promoted by using Dr. Price's Baking Powder.

**Recalling** the J. W. Plimpton job of identification for which four Decatur banks were enriched out of \$200, a citizen gave volunteer advice to one teller in a bank to-day. It was to this effect: "Say, hereafter when a stranger comes in to get a draft cashed and offers the name of a well known citizen as an endorser, the safe way is to put the man down as suspicious. Tell him every time to bring in his man, and until he does it don't hand over the cash."

The suggestion was taken goodnaturedly. It is easy to lock the stable door after the horse is stolen.

**Hear Moody Quartette Tuesday night.**

**Cheap Excursion to Indianapolis**  
On Sunday, Oct. 28, 1894, the Indiana, Decatur & Western Ry. will run a special fast excursion train to Indianapolis, Ind., and return, at the very low rate of one dollar for the round trip. Leave Decatur, 6:30 a. m.; La Place, 9:55; Hammond, 7:08; Atwood, 7:21; Tuscola, 7:40. Arrive Indianapolis 11:00 a. m. Returning, leave Indianapolis 6:30 p. m. This train will not stop for passengers east of Tuscola, but will run through on fast express time. This is the lowest rate ever made and everybody should take advantage of it. JOHN S. LAMAR, G. P. A.

**A Private Bank.**

**Fast time to New York and Boston.**  
Take the P. D. & E. at 11:30 a. m. and connect with the Knickerbocker special on Big Four at Mattoon, arrive at Cincinnati at 10:30 p. m., Cleveland at 2:10 a. m., Buffalo at 6:50 a. m., Albany at 8:05 p. m., New York City at 6:30 p. m., and Boston at 9:05 p. m. Only 30 hours from Decatur to New York City.

**Removal.**  
We take pleasure in announcing that after this date Parker's Sure Cure will remove all traces of Rheumatism, Kidney trouble or Liver complaint from the user. It is to-day the only medicine that is guaranteed to cure these diseases or no pay. Parker's Sure Cure is sold by W. F. NELSON.

**Obtain parts of the hippopotamus** hide attain a thickness of two inches. The strongest muscle in the monkey's body is found in his prehensile tail. Blue-eyed cats are said by Darwin to be always deaf. In old age the height of man really diminishes.

R. J. Stone, importer and breeder of Oxford-Down sheep, Berkshire hogs and Plymouth Rock poultry, near Stonington in Christian county, was in the city to-day on a visit. Mr. Stone is an Englishman by birth, but he is one of the most ardent Republicans in the state, and states that Christian county this fall will be certain to relegate Springer to private life.

Beyond comparison Dr. Price's Baking Powder is the favorite.

**Five Magnificent Entertainments.**  
The "Royal Lyceum Course" at the Tabernacle this season will embrace five superb entertainments, beginning with the Marie Decca Grand Concert Co., on November 13, and closing with the Boston Temple Quartet, March 6. Graves will lecture January 29 and February 12, respectively, the former on "The Sunny Side of Life," a lecture which has delighted more than 700 audiences, and the latter on "The Reign of the Demagogue," (which Col. Geo. W. Bain pronounces "the finest oration in the language.") It will cost you 50 cents for a seat at any one of these entertainments; but if you will take a course ticket, which sells for \$1, you can take them all in for an average of only 20 cents each. This is a great opportunity. Tickets and reserved seats at Otto E. Curtis & Bro's.

Corn was a mystery. Wheat declined and oats went down, but corn was stubborn.

Oats opened about where they left off, and wheat dragged them down with it.

## AGAIN DEFEATED.

Another Battle Between the Chinese and Japanese.

IN WHICH THE FORMER ARE DEFEATED

And Driven from Their Stronghold with Great Slaughter and the Loss of Many Prisoners—Their Fortifications Demolished.

CHEMULPO, Oct. 25.—A battle is in progress between the main Japanese army and the Chinese who retreated from Ping Yung. The Japanese are attacking the fortified Chinese camp at Kulien, north of the city of Wi-Ju. Gen. Nouzu succeeded in getting the main body of the Japanese army across the Yalu river without mishap before daylight on Thursday. Then Col. Sato was sent forward at the head of a flying column on a reconnoitering expedition and he discovered the enemy occupying a fortified position near the village of Fushang on the right bank of the Yalu. In spite of the fact that he had no artillery at his disposal, Col. Sato immediately commenced an attack upon the Chinese and a fierce fight followed. The Chinese fought desperately and stubbornly. The attack began at 10 o'clock in the morning and lasted until noon, when the Chinese began wavering, broke and eventually retired in great disorder, falling back upon Kulien, a strongly fortified position.

The troops commanded by Col. Sato, after the Chinese had retired, set to work upon the demolition of the fortifications of Fushang. Inside the fortifications they found 500 dead Chinese soldiers. The Japanese also captured a number of prisoners, among whom was a Chinese officer, who stated that the position was held by eighteen battalions of Chinese troops.

An Utter Rout.  
YOKOHAMA, Oct. 25.—Dispatches from the Yalu River show that in the battle fought yesterday between the Chinese and Japanese 3,500 Chinese troops of all arms were utterly routed.

## CAPRIVI RESIGNS.

The Chancellor Falls Between the Friends and Foes of Social Democracy.

BERLIN, Oct. 27.—The report that Chancellor von Caprivi has handed his resignation to the emperor is confirmed. Count Za Eulenberg, president of the ministerial council, has also resigned. Dr. Miquel, Prussian finance minister, has been appointed president of the council, and Prince von Hohenlohe-Schillingen, governor of Alsace-Lorraine, has been offered the chancellorship.

Before offering the chancellorship to Prince Hohenlohe, Emperor William consulted with the envoys from Bavaria, Wurtemberg, Saxony and Baden. It is reported that Prince Hohenlohe declined the office owing to his age. The emperor has summoned Gen. Count Waldersee, the political soldier who was conspicuous in intrigues against Bismarck. The general inference is that he intends to make him Caprivi's successor. Should Waldersee become chancellor, the office of Prussian premier probably would be given him shortly, and thus the division of the two posts which was effected at the time of the school bill crisis would be ended.

There is a rumor that Gen. Bronson von Schellendorf is a candidate for the Prussian premier and the chancellorship. Either of these generals would be acceptable to the conservatives, who have become totally estranged from the government under the Caprivi regime.

The immediate cause of Chancellor von Caprivi's resignation is not entirely clear. It is known, however, that the differences between him and Count Botho zu Eulenberg has grown too sharp to be ignored or compromised. Caprivi at first was strongly opposed to severe steps against the social-democrats, and anarchists, while Eulenberg favored extreme measures. Under pressure from the emperor, the chancellor is said to have yielded several points early in the week, but his master only got him into trouble with the federal ministers, in whose council he presided yesterday. Several ministers opposed his proposal that the reichstag amend the penal code so as to deal more severely with the socialists. The individual states, they said, should be left to legislate within their own borders for the suppression of the social democracy and anarchy.

The chancellor was equally embarrassed when the question of financial reforms was broached. The envoys made several demands for changes in the financial relations of the states to the empire, but the chancellor was manifestly out of sympathy with all of them.

Caprivi is believed to have been crushed between the emperor and the federal envoys, not going far enough to suit the former and going too far to suit the latter. The difficulties of his position were increased moreover by the intrigues of Miquel and Eulenberg, who for more than a year have spared no effort to discredit his policies and diminish his influence with the crown.

One of the chancellor's last acts before offering his resignation was to notify the reichstag that the secret prohibition of advances of Russian stocks had been canceled as no longer necessary, on either economic or political ground.

The emperor had arranged to leave Potsdam to-day to hunt in the neighborhood of Blankenburg, but he gave up the trip in view of the disruption of the cabinet.

The statement is made that in a few days Everett P. Wheeler, the megawatt millionaire for governor in New York, will be withdrawn.

## DUN'S TRADE REVIEW

Engrossing Politics Cause a Slackening in Business.

INDICATIONS ARE MORE FAVORABLE

Gold Exports Have Ceased, and an Increasing Demand for Products Has Called More Mills Into Operation This Week.

New York, Oct. 17.—R. G. Dun & Co.'s weekly review of trade issued to-day says:

Engrossing political excitement in many of the states causes a natural slackening in some kinds of business. But on the whole business indications are rather more favorable than they were a week ago. Gold exports have ceased, quite a number of mills have gone into operation, and the demand for products, if not equal to that of prosperous years, is better than it has been most of the time this year. The prices of farm products do not improve much, and there are still some strikes to resist reduction of wages, so that the purchasing power of the people cannot have materially increased, but there is a more hopeful spirit which prompts greater activity.

On the other hand, the record of past transactions is somewhat less favorable than of late. Payments through the principal clearinghouses have decreased out of the country show a decrease of 1.3 per cent., compared with last year, and a decrease of 21.9 per cent. compared with the same week in 1892, the decrease for four weeks being 29.8 per cent.

Cotton has sold at 5.81 cents for middling uplands, and the large receipts at such low prices indicate clearly that the crop will at least be close to the largest, if not the largest ever produced. The anticipated settlement of difficulties at Fall River has not been realized, and at present a good many spindles and looms are idle. But strikes are temporary; a more lasting influence is the large accumulation of cotton in the world's markets, the stock of American in sight now exceeding 21,000,000 bales. It is interesting that, in spite of the low price of the principal southern crop, manufacturers and wholesale dealers report rather more improvement in trade with the south than with any other section.

Western wheat is a quarter lower, and nothing appears to justify any important change. Western receipts have been 4,416,571 bushels, against 6,270,425 last year, and Atlantic exports only 384,253 bushels, against 1,066,006 last year. Corn is higher, without any very clear reason, and it is noteworthy that at the same time pork is 75 cents lower; lard 35 cents per 100 pounds and hogs 40 cents lower. The contrast indicates how little the provision market depends at present on natural relations of supply and demand.

Exports of domestic products at New York for the last month show a decrease of \$3,300,000 in value, or more than 10 per cent. At the same time there appears an increase of \$3,400,000 in imports at New York, or 16 per cent., and as before the increase in other articles than sugar is even larger. The comparison, however, is with a month last year in which the excess of exports over imports was enormous, over \$36,000,000, so that the changes reported do not yet imply a contrary balance. The advance in foreign exchange, which warranted the shipment of \$1,000,000 gold last week, was explained by no important transaction in securities, as foreigners are neither buying nor selling Americans much at present.

The stock market has been remarkably stagnant, and the average of railroad stocks has declined 58 cents per share, while trust stocks have advanced 31 cents per share. Pending suits regarding the trusts have little influence.

Railroad earnings in October have been 3.8 per cent. less than last year, and 11.6 per cent. less than in 1892. But details are given showing that the loss, compared with last year, is due to the enormous passenger business near the end of the World's fair.

The boot and shoe industry leads in improvement, actual shipments from the east being larger than in any previous year, for four weeks 336,016 cases, against 227,524 last year and 314,032 in 1892. While the fall trade is near an end, most of the eastern makers of cheaper goods are crowded with orders covering from one to three months in advance, but concerns making goods of better grades have as a rule little business ahead.

The leather trade is smaller, and for the first time in many weeks receipts of union crop slightly exceed sales. The demand for India rubber is fairly good, paraffine being 61 to 67 cents.

In iron and steel the west shows weakness, while eastern markets show more encouragement. Nothing of consequence is doing in rails, the delivery for the year to October 1 being only 510,000 tons, much below the ordinary requirements for renewals alone. In structural work, some moderate contracts are reported, but bar iron is extremely dull, and it is stated that the low prices reported last week—35 cents for iron and \$1 for steel—have been shaded in some transactions. There is a decline in wire, \$1.80 being quoted for galvanized barbed, and \$22.50 for wire rods. The best feature is that the heavy increase in the output of pig does not seem to overflood the market, and yet there is rather less pressure to sell than of late.

In textile industries the situation is peculiar, and in many respects perplexing. It is undeniable that orders for goods are on the whole diminishing, and retail trade does not yet prompt such supplemental orders as were expected, but a good many works have found orders enough to start up for a time, some having business for several months.

The demand for wool is not as large as it has been, and while prices have scarcely changed for two weeks, sales are but 4,304,370 pounds, against 5,778,750 in 1892, and for four weeks 19,431,749 pounds, against 25,744,750 in 1892. Prices were put down before the new tariff took effect, so that results of foreign competition are felt mainly in reduced sales of some domestic wools. Almost nothing is doing in spring woollens for men's wear, but manufacturers are more encouraged to believe that, as to a large share of the cheaper goods, they can meet any prices that foreign mills may make.

It is still, as it has been for some months, a very encouraging fact that the volume of commercial failures is small. Reports for the three weeks of October cover liabilities of \$5,639,741, of which \$2,929,671 were of manufacturing and \$3,957,567, of trading concerns.

The failures during the past week have been 331 in the United States against 333 last year, and 52 in Canada against 44 last year.

GERMAN RETALIATION  
Against the United States for Discriminating Against German Beet Sugar in the New Tariff Law.

WASHINGTON, Oct. 27.—The German ambassador has formally notified the secretary of state that in consequence of the introduction of Texas fever by means of two shipments from New York, the importation of fresh beef and cattle from the United States to Germany would shortly be prohibited. In his official note Baron von Saurma-Jeltsch adds, in regard to cargoes afloat, that shipments made from the United States up to the 25th of October will be admitted to enter Germany only on condition of being slaughtered immediately upon landing.

The department of state makes public the notice for the information of intending shippers of live cattle and fresh beef intended for Germany, but officials decline to comment on the matter, declaring that they have no further information regarding the cause of this action of the German government.

It is thought, however, that this marks the commencement of a policy of commercial retaliation against the United States on account of the discrimination against German beet sugar in the new tariff law.

The department of agriculture, which maintains a careful inspection of cattle and meat products exported, insists that it is impossible that cattle affected with Texas fever or any similar complaint could have been shipped from New York, as claimed by the German officials. No reports have been received which indicate that this disease or any other could have recently been exported from the United States.

Cattle are not expected to arrive in perfect condition in foreign ports after the long sea voyage, particularly at this season of the year, when vessels are liable to have rough passages, due to the stormy conditions which prevail on the Atlantic. The fever thus produced by the sea voyage is what is probably called "Texas fever" by the German government.

No complaints have been received from other countries. The note of the German ambassador is the first intimation that the Germans had any fault to find with American exportations of cattle. The department of agriculture will be called upon to investigate the complaint made by Germany, and Secretary Gresham, it is expected, will send a protest against Germany's action to that government through the American ambassador at Berlin.

POLITICAL ASSESSMENTS.  
Commissioner Roosevelt Has More to Say Regarding Them.

WASHINGTON, Oct. 27.—"In reference to the charges of political assessments at Philadelphia," said Civil Service Commissioner Roosevelt yesterday, "the commission finds, after investigation, that there has been very little attempt at assessment in either the post office or customhouse so far as the classified service is concerned, the majority of clerks, carriers, etc., being left free to contribute to either party as they wished. In the mint the condition of affairs was much the same as at the Pittsburgh internal revenue office. Most of the employees were men appointed for political reasons from the rank of the dominant party. These people have received circulars asking them to contribute, and again reminding them of their failure to contribute if they did not do so at the first request. Apparently there was no violation of the law committed in the way these circulars were sent out, and there was certainly no duress exercised by the head of the mint on his subordinates to make them contribute."

CAN'T PROSECUTE REPEATERS.  
An Unlooked-for Result of the Repeal of the Federal Election Laws.

WASHINGTON, Oct. 27.—The decision given yesterday by Mr. Draffen, the Assistant United States district attorney at Kansas City, that he could not prosecute repeaters in the coming election in view of the repeal of the federal election laws, was a topic of interest at the department of justice to-day.

Attorney General Olney said that he had not looked into the question, but from his present knowledge he believed that Mr. Draffen was correct in his view of the case. There was no doubt, however, said the attorney general, that repeaters could be brought into courts other than those of the United States and punished as severely as under the federal statute which had been repealed.

AWAITING AN INTIMATION FROM HIS MASTER.  
WASHINGTON, Oct. 27.—Up to a late hour yesterday afternoon Secretary Carlisle had not decided to accept the invitation to speak in New York and Brooklyn next week. He still has the matter under advisement and may not come to a conclusion for a day or two yet.

### BUCKINGHAM CRAWFISHES.

Not Satisfied With His Speech. He Tries to Revise it—Workmen are Liars Now.

When L. A. Buckingham introduced Mr. Springer at the tabernacle some time ago he thought it was his duty to impress upon the audience that everything was booming and the country was enjoying a true Democrat "golden era" and to clinch his argument he said that any workingman who was out of employment now was dishonest. There happens to be a great many workingmen who are out of employment who have a notion they are honest, and there are a great many more who are working at low wages, because there are more men than jobs in the "golden era" and none of these were pleased with the charge that they were dishonest. This did not suit the Democratic campaign. While they do not care what the condition of workingmen is they do want their votes mighty bad, and they expect to get those votes by deception, and the whole outfit were greatly chagrined over the frank expression of opinion given by Mr. Buckingham. They all knew he was talking good Democratic doctrine, because the theory of that party is cheap goods; cheap products from abroad, and this involves the doctrine that a man is not entitled to employment unless he will work cheap enough to get it and that if he does not accept work at such prices as he can get for it he is not honest.

But as before stated, to proclaim this doctrine would not be deceptive and would not produce labor victims for the Democratic altar, and Mr. Buckingham has been dragged into making a vain attempt to revise his speech, and last night in a speech at Elwin he claimed he was misquoted and that what he did say was:

Men now out of work could get work, and if any man out of work said he was idle because of anything the Democratic party had done, he was dishonest and lied. Men may be out of work now who are honest, but they will get work, because the demand for work is fast increasing, and with the returning prosperity will come work for all honest men.

This will be amusing to those, including the workingmen who were present and heard the remarks at the tabernacle, and can only be accounted for on the theory that the audience and the reporters were hypnotized. This must especially be true as to the reporter for the Decatur Review, as that paper made no allusion to that part of his remarks, because it did not want to do so. It was not thought healthy, in a party sense, to do so, and instead of revising the remarks to suit the conditions, it simply omitted all mention of them. Had Mr. Buckingham expressed himself then, as he now thinks he did, the Review would have grabbed it as greedily as a young robin gulps down a worm, and would have printed it, too, because it would have been in the line of Democratic campaign deception to get workingmen to vote against their own interests.

There are workingmen by the thousands who have said, and still insist, that their idleness and low wages are due to the return of the Democratic party to power and what it has done. Mr. Buckingham, however, in his revised speech refuses to argue the question with them and says they lie. But they do not lie. They know what they are talking about. They know that the Democratic policy is to "break down the defenses," as Mr. Wilson said in London, and bring into this country cargoes of goods our workingmen ought to make for our own market, and they know that every cargo of foreign goods that represent the labor of 1000 men in Europe, takes away the labor of 1000 workingmen in America, and that every cargo of Nova Scotia coal, with which the Democratic free traders propose to flood our eastern coal market, means idle coal miners in the United States. The intelligent workingman knows, too, that if the Democratic tariff bill gives employment to 500,000 workingmen in Europe making goods for the United States, it will make more than 1,000,000 workingmen in America permanently idle, for 500,000 men employed in factories here give employment to 500,000 other men in other pursuits.

##### Blue Mound.

News has just come to town that Jacob Kirk died at his residence, three and a half miles southeast of Blue Mound, at 3 o'clock this morning in his 83d year. Deceased had a stroke of paralysis nearly two years ago from which he never recovered. He was one of the oldest inhabitants of Macon county and was a good citizen and neighbor. He was a member of the Christian church in good standing. His funeral will take place at the Christian church here to-morrow (Sunday) at 11 o'clock a. m. Blue Mound, Oct. 27.

##### Surprise.

Mr. and Mrs. Daniel File, 985 West Cerro Gordo street, were surprised at their home on Friday evening by a host of friends who presented each of them a handsome rocker, it being Mr. and Mrs. File's 18th marriage anniversary and Mrs. File's birthday anniversary. Social chat, music and refreshments were the order of the evening.

### HOTEL FIRE HORROR.

Seattle the Scene of the Disaster—Sixteen People Perish.

[Special to the REPUBLICAN.] CHICAGO, Oct. 27.—The West Street House, Seattle, Washington, was consumed by fire this morning. Sixteen people perished in the flames, and several were injured.

#### OGLESBY AT OAKLAND.

He Passes Through Decatur Last Night On His Way Home.

Ex Gov. Oglesby, who has been in the heat of Republican campaign work, was in the city last night for an hour, on his way home from Coles county, where he addressed an afternoon meeting. This telegram tells of the big meeting:

OAKLAND, ILL., Oct. 26.—Ex-Gov. Oglesby spoke to a large and enthusiastic crowd at the opera house to-day. People came from thirty miles around to hear the old War Governor. Large delegations came from Mattoon, Charleston, Ashmore, Rardin, Isable, Brocton, Newman and Hillsboro. When the Ex-Governor arrived here a large crowd was awaiting him at the depot. At 2 o'clock the mass meeting was begun by a short address by Benson Wood, candidate for congress from this district, after which Col. L. D. Carter, chairman of the meeting, introduced ex-Gov. Oglesby. The latter's appearance was greeted by a prolonged cheer and his speech was frequently interrupted by tumultuous applause. He spoke for nearly two hours, devoting much of his time to a discussion of the tariff and in the interests of the Republicans of Illinois. Horace Clark, of Mattoon, spoke for only a few minutes, but his speech was often interrupted by cheering. To-night W. R. Jewell, of Danville, and Col. Van Sellars, of Paris, spoke at the opera house.

#### URNS OUT A CANARD.

Dr. Coykendall Has Not Left the Country, But is Under Arrest.

TUSCULA, ILL., Oct. 26.—The report that Dr. J. M. Coykendall was a forger in the sum of \$50,000 and that he had left the country proves to be a canard. No warrant for his arrest was issued yesterday, but this evening the papers were made out and placed in his hands, they being issued at the instance of Mrs. Henry Mass, a widow, who claims to have let him have \$240 on a note alleged to have been forged.

#### Desperation.

Some of the men who apply to Overseer Hane for help at the expense of the county use pretty strong language sometimes. One man who has been out of work several months, and is not in any sense dishonest, as the Democratic campaign speaker would dub him, applied for aid the other day. He has a large family depending upon him for support. He had sought in vain for work, and was finally by necessity driven to the overseer. It was suggested in answer to his petition that if he had no prospect whatever of getting through the winter, that he and his family would be given accommodations at the poorhouse. The man replied that before he would go to the poorhouse he would shoot himself. He went away, stating that maybe he could get through somehow, but the outlook was gloomy. If he returns to the office, Mr. Hane may give him temporary aid. Such cases are a great worry to the overseer. Next Monday a wife and mother will go to the poorhouse. The husband is improvident, and some of the children are wayward. The mother has given up trying to battle against fate to make both ends meet, and she will leave the family home. But she will not find rest and peace of mind at the poorhouse. The consciousness of her sad fate cannot be obliterated.

#### Dirty Work.

To-day the Democratic committee sent a lot of machine letters in print through the postoffice to every colored voter in Decatur. The letters are all alike and are sent out to work on the prejudices of the people to whom the communications are addressed. Send out some more, ye Democrats. Keep it up. The colored voters know Democratic methods and the hollowness of their promises too well to be fooled by such campaign literature. Several colored voters came to this office to-day to denounce the Democrats and state that there is not a colored man in Decatur who has any thought of voting with the Democrats at any stage of the game, and such insulting circular letters as were sent out to-day, they say, will only serve to bring out the colored vote on Nov. 6th to be cast for the straight Republican ticket.

#### A Kitten Thief.

Some weeks ago Miss Mabel Roberts, daughter of R. J. Roberts, missed her gold watch and it was supposed that it was stolen. Considerable of a fuss was occasioned by the disappearance of the watch, and the police were notified. Now it turns out that a pet kitten at the Roberts home carried the watch off by the chain and that the cat came back when it got ready, bringing the watch with her to the owners. The watch needs a little repair.

### RECORDS GO GLIMMERING.

On Decatur's Fast Track Two More Captured by the Cleveland Team.

A large crowd assembled at the Trotting Association track yesterday afternoon to witness the trials of speed by the Cleveland Racing team. After several warming up trials the riders got down to business. Dr. A. I. Brown paced by L. C. Johnson and L. B. Rigby went after the flying start paced; a mile record, held by John S. Johnson. The record was 24.5 seconds; it was lowered yesterday by Dr. A. I. Brown to 23.5 seconds. Dr. Brown during the recent race meet here lowered the 1/4 in competition record and that gentleman now holds two quarter mile records over Decatur's track. The second reduction made was in the record for one-third mile on paced flying start for tandems. The record which was held by a Pacific coast team was 34.35 seconds. O. P. Bernhardt and R. F. Goetz lowered this record two seconds, making it in 32.35 seconds. Goetz and Bernhardt yesterday in practice work rode a quarter of a mile on a tandem in 24.25.

#### WILL RIDE EVERY DAY.

Manager Hoyt announced last evening that twice each day, at 10 a. m. and 2 p. m., the riders would be at the track. The morning will be for practice, while during the afternoon they will go for records. He also extends a cordial invitation to all wheelmen and enthusiasts to visit their training quarters at the track and watch their work.

#### NOTES.

The team will work on Sunday, both morning and afternoon, and it is expected that a large crowd of people will be present to see the trials.

The riders were much elated last evening over the success achieved yesterday at the track, but they are not in the least satisfied, but each afternoon will attempt to win laurels that will stand the test of time and ambitious flyers.

The riders are delighted with the Decatur track, and the first of the week they will probably make attempts at smashing the two-mile and under records.

The official judges at the track yesterday were Judge Vail, Frank Faries and Archie F. Wilson; the official timers were George Post, George Hart, Otto E. Curtis and F. B. Mueller.

L. D. Cabanne was well enough this morning to ride several miles at the track, and this afternoon it is his intention to lower the two mile record. See these to him.

A deaf mute walked into a bicycle repair shop and picked up a hub and spoke.

The trials this afternoon will be Cabanne's attempt to lower Tyler's record for two miles, flying start, with pace makers. Tyler's record is 4:04, and Cabanne is confident of lowering it below four minutes. The other trial will be to lower the record of one-half a mile flying start of 52 flat. Dr. Brown will go after this time.

J. S. Johnson's 135 2.5 mile will not be accepted by the L. A. W. Racing Board, inasmuch as the performance was made on the road. The L. A. W. does not countenance road racing. A claim, however, will probably be presented by Johnson to the Century Road Club of America for their acceptance as a road record. A tandem team in England made a mile in 1:45 this fall, which does not stand as a record.

Ten Chief Chemist of the U. S. Department of Agriculture, as head of the World's Fair Jury, conferred the highest award on Dr. Price's Baking Powder.

#### Delightful Entertainment

A party of young gentlemen gave a most enjoyable party last evening at Leonard Hall to their lady friends. The room was appropriately decorated and the opera house orchestra furnished most delightful music throughout the evening. Those present were Misses Alice Bering, Irene Armstrong, Gusse Gorin, Nell Schroeder, Lola Montgomery, Grace and Corinne Shellabarger, Louie Boyd, Annie Rainey, Posey Dill, of Belleville, Miss Hughes, Belleville, Belle Vennigerholz, Belle Burrows, Margaret Roberts, Mollie Tuttle, Dr. and Mrs. J. D. Moore, and Messrs. Kyle Bohon, Ed. Powers, Henry Crowell, Dr. Carlton, Will Armstrong, Frank Evans, Guy Parke, Lute Shellabarger, Linn Blackstone, Will McBride, Bob Hays, Thad Schroeder, Paul Smith, Charles Hubbard, John Maus and Lester Wymond. The affair was in honor of Miss Erma Hughes of Belleville, who is now the guest of Mrs. J. B. Dinges.

#### Dr. Weidner's Lecture.

N. W. Woodford, secretary of the Y. M. C. A. says: "I have twice heard the lecture of Prof. Weidner's, and consider it one of the most remarkable on this subject to which I have ever listened. Three years ago Dr. Weidner conducted the Bible studies at the Y. M. C. A. state convention at Jacksonville, Ill., and won the hearts of hundreds of young men in the state. All persons interested in Bible study should hear him."
